

Making Good Taste a Tradition

Indian authentic and International food products

PROFILE

PROFILE

Founded by Shri. Hariram Thakkar in 1932, American Dry Fruits is an iconic brand, predominantly representing the traditional mithai and dry fruit market in India. American Dry Fruits, also popularly known as ADFS, had its humble beginnings in a retail store in Mumbai more than eight decades ago. A pioneer in the retailing of Dry Fruits, Mithai, Spices, Pickle, Ready to Eat, Mango Pulp and Namkeen, ADFS is a brand that has been synonymous with quality & goodwill since inception.

In keeping with its tradition of constant innovation and pursuit for perfection, over the years ADFS has expanded to introduce multiple brands under its umbrella and extended its operations to international shores. It enjoys a reputable equity, both locally and internationally.

Today ADFS is owned and managed by M H Foods Private Limited (MHF); a company established in the loving memory of the Late Smt **Maniben H Thakkar** & Late Shri **Hariram Jairam Thakkar**, by their grandchildren.

As a part of the endeavor to increase its international footprint, MHF has recently launched two new export brands:

- a) Desi Treat: Offering the finest quality, traditional Indian products like Namkeen's, Rice, Atta, Organic Pulses, Mango Pulp & many more
- b) Nativo Treat: Offering appetizing international products from around the world such as Peanut Butter, Milk, Sandwich Spreads, Olive Oil & many more

With our focus on quality and innovation, we have established ourselves on the global stage and today we are well equipped to manage growing manufacturing requirements with state of the art infrastructure and well trained and qualified manpower.

Our warehouses measuring a total of 20,000 sq.ft, are strategically located in Navi Mumbai & Flora Fountain in the city of Mumbai, known as the financial capital of India. They follow best practices in food handling and are highly equipped and hygienically maintained to store and ship our products across the global. Our commitment to maintain and follow quality at every step has resulted in us initiating an in-house ISO certification for our processes.

We also provide customized packaging and assorted containers as per customer requirements.
